Assignment -2

Assignment Date	10 .11.2022
Student Name	SANKAR GANESH S
Team ID	PNT2022TMID13363
Student Roll Number	951919CS085
Maximum Marks	2 Marks

Question-1:

1. Create User table with user with email, username, roll number, password.

2. Perform UPDATE, DELETE Queries with user table

3. Connect python code to db2.

4. Create a flask app with registration page, login page and welcome page. By default load the registration page once the user enters all the fields store the data in database and navigate to login page authenticate user username and password. If the user is valid show the welcome page

Solution

:

INDEX.js

```
function deleteNote(noteId) {
 fetch("/delete-note", { method: "POST",
 body: JSON.stringify({ noteId: noteId }),
 }).then((_res) => {
  window.location.href = "/";
 });
}
```

base.html

```
<!DOCTYPE html>
